THE BASICS OF BOWLS...

- *The large black ball is a bowl. Bowls are weighted so that they don't roll in a straight line but in a curve. Each bowl has a large and small icon on each side. Always keep the small icon on the inside when delivering a bowl.
- *The small white ball is the jack.
- *Our greens are divided into 7 rinks (or lanes) and we recommend a maximum of 2 teams of 4 people per rink.
- *You send the jack down to the opposite end of the rink. Once its position is set the aim is to get as many bowls as close to the jack as possible.
- *Once everyone has bowled a score is determined. The person whose bowl/s is closest to the jack gets the point/s with multiple points awarded if there are multiple bowls closest to the jack.
- *You can set a time limit or number of 'ends' (how many times you bowl up and back).

Give it a go, it's easy to play and fun to learn.
